For North Carolina.—Fair Sunday; Monday fair and warmer in interior, fresh northeast to east winds.

The dispatches from Columbia about the dispensary investigation read like South Caroline has been off on a debauch.

According to a Richmond judge it is equivalent to the first blow to call a man a liar. A blow of that kind is always a sign that a storm is brewing.

Russia ought to observe the example set by President Roosevelt when he went down in the submarine boat at Oyster Bay on Friday. He showed Russia how to take water and be delighted.

On Friday at Oyster Bay President Roosevelt went down in a submarine boat and remained 50 minutes under water 40 feet deep. It is not true that a man has to be on the water wagon in order to take a trip like that.

The dispensary investigation in South Carolina discloses the fact that some of the booze sold by the Palmetto State's "moral institution" contains logwood. This gives color to the story that people who drink Tillman's "Fuss Z" begin to die by degrees by absorbing the dye in their liquor.

Our exports to China in 1904 amounted to $63,257,730, most of which was for exports of cotton cloth. That is one reason why we are deeply concerned in the Chinese boycott. New England's trade alone with the celestials is about $24,000,000 a year, but she makes the cloth out of the South's raw material.

There has been a reorganization of the Morning Journal Publishing Company, of Winston-Salem. Mr. A. F. Moses has been elected president, Mr. W. T. Brown vice-president and Mr. J. O. Foy general manager. The policy of the paper will remain unchanged and Mr. R. E. Fallin will remain editor. He has greatly improved the Journal, and has been doing work which demonstrates that he is a capable newspaper man and is bound to win success for his paper.

SOLDIERS WERE BEATEN

Exciting Game of Baseball at Hilton Park—Coast Line Won by Score of 6 to 2.

When the smoke of battle cleared away at Hilton Park yesterday afternoon, after 9 innings of beautiful ball playing, the score stood, Atlantic Coast Line 6, Fort Caswell 2.

To say that it was a nice game of base ball is putting it mildly. At every stage of the game sensational plays of the most hair-raising kind were in evidence and until the—for Fort Caswell—fateful ninth inning, the result could not be foretold. When the ninth inning opened the score stood 2 to 1 against the locals. They had played hard ball during the entire game but had real hard luck with the men on bases, getting runners on the bag almost every inning, only to have them die there. When the first half of the ninth ended, the Fort Caswell representatives looked weary with life in general, for the locals had, by terrific batting, sent 5 runners across the pan, thereby clinching the game. The soldiers were unable to do anything with "Prof. Red Wilson's slants in their half of the spasm, and walked away with defeat stored in their pockets.

The Fort scored their first run in the first inning.Cross walked and was advanced to third base on Sublett's sacrifice. Grimes hit to second, went out to first, and on a close play at home Cross scored. They scored their second and final run in the fourth inning. Grimes flew out to right field. Mitchell was safe at first as McIntire fielded ball and no one covered the bag. Garner out, short to first, Mitchell going to third. Meyer popped up a high fly which Wilson dropped, Mitchell scoring. Mitchell out stealing second. This ended their run getting.

The locals didn't make the circuit until the sixth inning. McIntire went out third to first. Moore out short to first. Hogue hit safe, stole second and scored on Emerson's nice hit. Mills was given a free pass but died as Green went out pitcher to first. 1 run.

Now for the ninth. It was in this inning the locals did stunts and hammered Oberley, the Fort's star twirler, to all corners of the lot. Mills opened it with a three bagger to deep left. Green scored him with a hit. Morse hit safely, sending Mills to third base. Morse steals second and both score on Wilson's hit. Calder fans. McIntire safe on error, third base, Moore safe on infield hit, McIntire going around the corners for a run. Rain begins, so both Emerson and Hogue strike at everything dished up to them in order to finish the game. Both men out on strikes. The Fort did nothing in their half, only three men facing Wilson.

The principal feature of the game was Wilson's pitching. His control was poor in the first inning but after that he was unsolvable. The visitors secured only one scratch hit off his delivery. This is a remarkable pitching feat and stamps Wilson as one of the best amateur pitchers in the State. The entire local team put up a splendid game, and played winning ball throughout.

The star for the Fort was Daniels, at third base. Time and again he cut off what looked to be certain hits and throughout played most creditable ball indeed. Oberley, the Fort's pitcher, played a nice game of ball. And though he was hit freely in the last inning his team mates did not accord him the support he should have had.

A large crowd witnessed the contest and the rooting carried one back to the days when Wilmington had the star team of the North Carolina league. When the locals were making their garrison finish in the final inning, the spectators almost went wild.

The line up was as follows:

A. C. L.		Fort Caswell
Moore	c	Sublett
Wilson	p	Oberley
McIntire	1b	Grimes
Green	2b	Barbee
Calder	3b	Daniels
Emerson	ss	Cross
Mills	lf	Garner
Morse	r f	Meyer
Hogue	cf	Mitchell

This was announced to be the last game of the season, but it is quite probable that another game will be arranged for next Saturday afternoon. It is to be hoped the plan will be carried out, for the game yesterday was the genuine article and the "fans" want more of it.

SUNDAY SELLING LAW

Blue Law Question Settled By the Board of Aldermen Yesterday

ORDINANCE WAS MODIFIED

Soda Fountain Products, Milk, Ice, and Newspapers May Be Sold—Restaurants and Bootblacks. Can Do Business.

The "blue law" question was settled by the Board of Aldermen yesterday afternoon, when at a special meeting, by a vote of 5 to 3, it was decided to allow the sale on Sunday of soda fountain products, soft drinks, milk, newspapers, and ice cream, and to give permission for livery stables to be operated. The boot blacks also were remembered and were given permission to ply their trade on the Sabbath. The one thing specially forbidden to be sold on Sunday was cigars; in fact the sale of anything in the line of tobacco was prohibited. With this exception, all articles sold on Sunday before the agitation regarding the enforcement of this law may in future be sold.

The law referred to is embraced in Article 10, Section 35 of the City Ordinances and reads as follows:

"Any person or persons who shall open his store or place of business on a Sunday for the purpose of selling or disposing of, or offering for sale any goods, wares or merchandise, or any article; or any persons, who shal sell or dispose of any goods, wares or merchandise, or any article, on a Sunday, shall be fined $25. Provided that nothing in this ordinance shall refer to druggists selling medicines, or ice dealers selling ice in the city of Wilmington."

To the above ordinance the following addition is made by the amendment adopted yesterday:

"Provided further, that nothing in this ordinance shall apply to vendors of milk, products of soda fountains, and soft drinks, newspapers, ice cream, or to livery stables and boot blacks."

This amendment is the one offered by Alderman Brown and Rathjen, of the Ordinance Committee. The third member of the committe, Alderman R. W. Price, did not agree with them and offered a substitute amendment of his own. He presented an iron clad amendment to the ordinance recommending that all Sunday sales of any kind whatsoever be prohibited, provided, however, that it such prohibition does not apply to druggists, hotels or restaurants, except in the sale or disposal of coca cola, ginger ale and all soft drinks, and provided further that nothing in the ordinance be construed to prevent the delivery of newspapers or milk on any Sunday. This provided against any Sunday sales whatever.

The two recommendations were subjected to an exhaustive discussion. At times the remarks were of rather a personal nature and it seemed frequently that the session would end in a turbulent manner without definite decision.

All the Aldermen with the exception of Alderman W. E. Yopp were in attendance. City Attorney Marsden Bellamy was also present to answer questions concerning the legality of any proposed amendment to the ordinance. Mayor Waddell opened the meeting, and stated that the object was to hear the report of the Ordinance Committee. The two amendment were read by those presenting them and the matter was declared open for discussion.

Almost every member had something to say and there were numerous attempts to take the floor while some one else was speaking.

The question of discrimination seemed to be the chief topic. Alderman Johnson said that if any person was allowed to sell articles on Sunday, everyone else should have the same privilege. He said that all citizens were supposed to have equal rights, and that no one should be given the preference to do business on Sundays over others. He declared that he was in favor of the minority (Alderman Price's) report. His remarks voiced the sentiment of those who were against the report of the majority of the Ordinance Committee.

Just at this point Alderman Moore moved that the majority report be adopted with the proviso that the word cigar be stricken from it.

Alderman O'Brien said the majority report showed no discrimination. That it did not discriminate against those in the same business, but that it simply stated what business should be allowed to open on Sunday. The question of the opening of saloons on Sundays, if soft drinks were sold, was brought up. This was settled by City Attorney Bellamy, who gave information that the State law prohibited the opening of saloons on Sunday.

A little excitement occurred here when some one suggested that the Mayor would have too great a burden put on his shoulders by the Board should it adjourn without taking some action.

The Mayor said in reply, that it was up to the Board to legislate, and that he was there to see the legislation carried out. He declared further that if the Board wanted legislation with regard to the matter and were afraid to tackle it, they had no moral courage, and that if the members didn't vote as they thought they were moral cowards. With this little side play, the meeting was carried to a rapid conclusion. The Mayor called for the vote, both amendments being voted on. On the first call both the committee's amendment and Alderman Price's substitute failed to pass by one vote only. It looked as this point as if the meeting would adjourn without any action whatever on the matter.

Alderman Moore, however, after a short conference with several other members, moved that the matter be reopened. He then stated that he wished a vote taken on the majority recommendation, with the word cigars eliminated. This time the aldermen, probably tired of hearing "blue law" dinned in their ears, passed the amendment as revised by Alderman Moore, by the vote of 5 to 3. Alderman King did not vote on this question.

With this action the Board ends the celebrated question that has been a subject of so much discussion in Wilmington for the last few weeks.

The only other business taken up was the recommendation of the Waterworks Committee that the board concur in the resolution adopted at the special conference with the Board of Audit and Finance some days ago, which agreement provided that two additional members of the committee be appointed, one to come from the Board of Audit and Finance, and the other from the Chamber of Commerce. This was done by a unanimous vote.

The meeting then adjourned.

SOUTHERN NATIONAL BANK.

Cashier Evans Talks About It in Charlotte.

Yesterday's Charlotte Observer says:

"Mr. C. N. Evans returned to the city yesterday from Wilmington. To an Observer man he expressed himself as very highly pleased with the bright prospects that are before the new Southern National Bank, recently organized in that city, with which in the future he is to be connected.

"The preliminary details, incident to the opening on September 15th, are rapidly being arranged," said he. "The charter has been secured, the stationery has been ordered, the office fixtures are being made and all the other necessary arrangements are being provided. The building that the Southern National is to occupy is by all odds the finest and best equipped in the State. It is of the most modern construction, complete with every facility, six stories in height, and ideal in every respect. Elevators, steam heat, a system of electric wiring and up-to-date appliances of all kinds have been installed. The bank vault is one of the most perfect to be found in the South. Steel and concrete constitute its sides and ceiling, and the massive door weighs more than 14,000 pounds. This door is protected by three-time locks so arranged that every time the door is opened a gong sounds. The bank is modeled after one of the New York institutions and is as complete as money can make it.

"The prospects for the new bank are even brighter than was anticipated. The stock has been oversubscribed and the institution begins business under the most favorable circumstances. The doors will be thrown open September 15th. No effort will be spared to make of the Southern National one of the factors in the State's financial circles."

THE GIANTS ENTERTAIN.

Delightful Reception and Lawn Party Friday Evening.

The reception given Friday night at Seventeenth and Market streets by the members of the Market Street Giants baseball team was one of the most attractive and enjoyable events of the Summer. The reception was in the form of a lawn party, the grounds and tables being decorated with various colored fancy lanterns. Dainty refreshments were served during the course of the evening. The Giants proved themselves to be most engaging hosts, and all present enjoyed their bounteous hospitality. Those present were:

Mr. D. Siefert, Miss Alma Miller; Mr. H. S. Keen, Miss Hattie Gardner; Mr. L. Lacy, Miss Katie Fleet; Mr. W. Lacy, Miss Nellie Kennedy; Mr. C. Gore, Miss Margurite Mills; Mr. J. Croom, Miss Fannie Hewlett; Mr. L. Hewlett, Miss Hattie Hartsfield; Mr. F. Gerken, Miss Addie Anderson; Mr. H. Gardner, Miss Camille Fleet; Mr. Roy LeGwin, Miss Ruby Wiggs; Mr. Geo. Keen, Miss Lillian Williams; Mr. Peck DeVane, Miss Daisy McIver; Mr. H. Allen, Miss Bertha Wiggs; Mr. F. King, Miss Flossie Keen; Mr. Bob Branch, Miss Lucile Smith; Mr. Borden Branch, Miss Mabel Hewlett; Mr. A Beach, Miss Katie Yopp; Mr. John Kline, Miss Annell Branch; Mr. J Oldenbuttel, Miss Bessie Richards; Mr. Z. CAROLINA YACHT CLUB RACE.

August Regatta Yesterday Was Won by The Puzzle.

The regatta of the Carolina Yacht Club yesterday afternoon was one of the prettiest and most closely contested of the season. The Puzzle, Captain John Metts, won the race, followed across the line a few seconds later by the Don Julian.

The breeze before the race was very light, but a little while before the hour for the start came, the breeze freshened and increased into a gale. The waves in the channel were high, and toward the end of the race they grew bigger. Weather conditions favored the boats, and the course was covered in remarkably fast time.

Much interest was taken in the race, a large crowd witnessing it. Every gangway on the water front was crowded with enthusiastic partisans of the different craft entered for the race. The winning boat and its crew were lustily cheered as they crossed the line.

The Buttinsky, Captain Henry McMillan, did not enter the race. The K. M. B. was captained by Mr. M. S. Willard and the Don Julian by Mr. W. L. Parsley. The official time is appended:

	Start.	Finish.
Puzzle	4:33.28	5:15.10
K. M. B.	4:36.01	5:27.
Don Julian	4:38.19	5:17.50

Picnic in Pender.

There was a big picnic on Friday on Mr. A. M. Bowden's place in Pender county. There was a large attendance, a magnificent basket dinner and no end of enjoyment. The affair was a great success. A number of Wilmington people attended, including Messrs. W. J. Bradshaw, J. E. Bloodworth, T. J. McInerny, Melvin Horne, and H. E. Truelove.

NEGRO BADLY SHOT

Charles Richters, Jr., Fired Revolver Twice at Frank Johnson Last Night

WOUND MAY PROVE FATAL

Johnson Was Attacking Mr. Charles Richters, Sr., With Deadly Weapon When His Son Did Shooting.

Frank Johnson, a negro about 25 years of age, was shot and seriously wounded last night by Charles Richters, Jr., at the store of his father, Mr. Charles Richters, on Fourth and Harnett streets. Mr. Richters, Sr., has a combined grocery store and saloon in the corner store of the Richters building on the corner mentioned. His son, who did the shooting is about 16 years of age. He was placed under arrest immediately after the shooting occurred and was sent to the City Hall to await the result of Johnson's injury.

A Star representative was on the scene in a few minutes after the shooting took place, and interviewed the elder Mr. Richters with regard to the occurrence. Mr. Richters stated that Johnson was in his store and seemed to be under the influence of liquor. He was rather boisterous and disorderly, and as he seemed to be trying to seek a quarrel with some of the other negroes in the store, Mr. Richters ordered him to leave. The negro made some insolent remark, whereupon Mr. Richters tried to eject him. The negro, who was of large stature and very well developed physically, after clinching with Mr. Richters, suddenly loosed his hold and went out of the store. In a few minutes he returned with a rock as large as a man's fist, holding it in his hand with the evident intention of striking Mr. Richters with it. The latter, who was unarmed seeing his danger, called to his son to come help him. The boy, who was standing behind the counter, seized a pistol and fired twice at the negro. The first shot went wild, but the second struck Johnson in the right side midway between his hip and shoulder.

Johnson staggered from the store and went up Harnett street toward Fifth street, and about 50 feet from the store, fell prostrate in the street. When the Star representative saw him he was lying under a small tree on the edge of the sidewalk. There was a large crowd standing around, but no one had tried to assist the wounded man in any way. He seemed to be in a half stupor, but answered several questions put to him. He said he was 25 years of age, and that his home was in Wallace. He has been in the city about six months, and for awhile was employed at Hannah & Co.'s box factory. For the last week or ten days he has been working with Captain E. G. Parmele who has the contract for constructing the sewers of the Brooklyn Sewerage Company. The work of excavating Fourth street for the sewer has been in progress several days. Johnson stated that he resides at 710 McRae street. As soon as the ambulance could be secured, Johnson was taken to the James Walker Memorial Hospital.

Charles Richters, Jr., who shot the negro, is slight of build, weight not more than 90 or 100 pounds, and is 16 years of age, though he does not appear to be more than 14. He was seen last night at police headquarters and asked if he would make a statement regarding the occurrence, but he refused to talk. He was dressed in short trousers. He seems to be fairly intelligent, and had prudence enough to say nothing that might serve to injure him when the case is called for trial. The boy has been clerking in his father's store for some time past.

When the Star representative saw Johnson, his clothes were saturated with blood, but he seemed to be suffering very little pain. He did not seem to be aware of his serious condition, and it is probable that he was stupefied by the liquor he had imbibed during the night. He had purchased whiskey and beer several times during his stay in the store.

It will be remembered that Mr. Charles Richters, was himself shot and painfully wounded by a negro three years ago at his store, then on Fourth and Swann streets, one block beyond where last night's shooting occurred.

After Johnson had been taken to the hospital, an operation was performed by Dr. Farthing assisted by Dr. Koonce. They found that there were twelve perforations of the intestines, and at 3:30 o'clock this morning there is little hope of the negro's recovery.

When the Star went to press this morning Mr. Richters was arranging with Chief of Police Williams to give any amount of bond that would be named to secure the release of the boy from custody. While ordinarily a case of the kind would not be bailable, the circumstances of the shooting are such that even were the negro to die, it would be considered proper to grant bail in the case, as the act was in defence of the life of the boy's father and the negro entered the place by forcible trespass when the shooting occurred.

WRIGHTSVILLE BEACH

Popularity of Lumina Will Prolong Season Into the Fall and Probably Into Winter.

The closing dance of the season of 1905 was given last night at the Seashore Hotel, Wrightsville Beach. The affair was characterized with the customary brilliancy of these delightful occasions at the seashore, the attendance being large and the weather ideal for dancing. To-day at 11 A. M. the orchestra will give its final sacred concert, as the engagement of the musicians will come to an end this week. No doubt a large crowd will be present to enjoy the fine programme to be rendered.

The Seashore Hotel will close next Friday, September 1st. Heretofore the closing of the hotel has marked the end of the season at the seaside, but gay Lumina having become the Mecca of beach devotees, the Summer gaiety is to be indefinitely prolonged. The fact is this pleasure palace of the people has had such a liberal share of the Beach patronage, not only from the people of the city and the members of the clubs, but from the hotel guests, that it will be kept open without date for the continued enjoyment of visitors to Wrightsville Beach. At any rate the popularity of Lumina is such that the management will continue the season late into the Fall, if not all Winter, depending of course, upon whether the Consolidated Railways, Light and Power Company will carry out its intention to enclose the handsome pavilion in glass. Owing to the generous patronage which the suburban line to the ocean has received this season, the railroad company has decided to continue the present half-hour schedule until late in September and probably into the middle of October.. To those who are acquainted with the attractiveness of the beach during September and October, this will mean that they can have all the pleasures of the Fall months on the beach, and the same schedule which they have enjoyed during the past Summer. In addition to this, if they have any desire to be gay, they have Lumina at the end of the beach, which will be the same as during the past Summer, bright and gay with its bowling, bathing, dancing and music. The excellent orchestra will be retained and there will be the usual Sunday concerts, and dancing every night during the week.

The usual Sunday afternoon concert will take place at Lumina this afternoon, and no doubt this popular resort will be visited by the usual large crowd.

WILMINGTON, N. C.

Sunday Morning, August 27.

OUTRAGE OF SHOTGUN QUARANTINE.

The fact there is at times the necessity for quarantine on the Atlantic and Gulf seaboards, is enough to call for uniform quarantine regulations and the proper power to enforce them between the several States. That, as a matter of course, can only be secured through the central government of the State at Washington, and the Star has long ago observed that the solution of the question of protecting the ports and the States from pestilence is through an act of Congress providing for scientific and methodical quarantine that will secure the confidence of the States concerned. The necessity for quarantine under some authority that can enforce it to the satisfaction of all States, is shown by an editorial from the New Orleans Picayune, concerning the unlawful shotgun quarantine undertaken by the people of adjoining States without warrant of law or reason. The Picayune says:

"The unspeakable outrages perpetrated upon the rights of citizens and the enormous losses inflicted upon commerce, the mails and upon other great vested interests by the unreasonable and foolish fears, and often coldly selfish considerations, which manifest themselves in what is known as the "shotgun quarantine," urgently call for some intelligent regulation by a power sufficient to enforce the demands of sense and reason.

"The present visitation of yellow fever in this and other Southern States has developed in the most aggravated form every variety of quarantine absurdity and wrong. For instance, certain small towns absolutely refuse to receive the mails unless they are fumigated before sending. Other towns refuse to accept such articles as "Paris green," a noted insecticide, used for killing the insect enemies of the cotton plant. Others send back bar iron in bulk and whisky in casks for fear they may contain infection. State Goverments refuse to allow any persons to enter their territory until they have been confined in camps of detention, and refuse to permit passengers bound for distant States to pass through their limits, while others permit such passage only in closed and guarded cars, the passengers being held as prisoners, and, in cases that have been reported, denied the right to receive food and water from the outside.

"Thus it is seen that there is no system, no regularity, no arrangement to secure the health and safety of the people while inflicting the least wrong upon individuals, and the least destruction of business. We boast of our advanced knowledge of the causation and treatment of yellow fever, but our claims to science in the premises are utterly worthless to secure any relief.

"It appears that the States have no control over the people of their various towns, villages and hamlets, as each makes its own laws of quarantine and defies every other power. The United States Government submits to the stoppage of the mails and of interstate commerce, and so there is no authority able to regulate the conditions which have become so despotic and injurious to those who create them as well as to those who are the victims.

"The remedy is not one of mere brute force to sweep away all obstacles, but it should be based on science, sense and reason, and and then executed by all the force necessary. The present situation is unbearable."

WHY IS NEGRO LABOR UNSATISFACTORY.

The Manufacturers' Record has been publishing letters from all over the South, principally from manufacturers, dealing with the labor problem. Of course, these letters refer to the quality and condition of negro labor, and we must admit that we are surprised at the consensus of opinion concerning the matter. We have our doubts on the subject yet, but the common suggestion among the Record's correspondents is to the effect that "the increase in the compensation of the negro for his services is tending to decrease his productive capacity."

That is a pretty broad assersion about the negro as a whole, when it is recollected that if a negro has a railroad job or any other good job, he marries it. If it is true, however, that negro labor is unsatisfactory, we think there must be some other cause than that it is because he gets good wages. Good pay is more than apt to make a man hustle and if it is true that on the contrary it spoils the negro and unfits him for labor it is a condition that we cannot quite understand. However, employers are better qualified to speak about it, and here is a statement made by President J. M. Barr, of the Seaboard Air Line, denominated by the Manufacturers' Record as "typical of many opinions:"

"The negro is so constituted by nature that when he has earned sufficient money to satisfy his customary physical needs he ceases work and does not return thereto until his necessities compel him so to do. The remedy for this condition is either a reduction in wages or importation of other labor, both of which appear to be impossible of immediate application. Economically the best and only way, in my opinion, to increase the efficiency of negro labor is to reduce his wages. The average Southern negro will not work so long as he has money in his pocket."

It is doubtless true that negro labor is reported by employers as unsatisfactory, but what is the cause of it? Is it really because the laborer is paid too much? We are a skeptic.

CURRENT COMMENT.

—The Southern merchants are pouring into Baltimore and find that it is the city of the open door and the glad hand.—Baltimore Sun.

—The obstinacy with which Mr. Bryan refuses to furnish the corpse for his own political funeral may retard the obsequies several years yet.—Chicago Tribune.

—This should be the last vigorous combat necessary with yellow fever in New Orleans. The city has Havana's stern example of what really can be accomplished.—Jacksonville Metropolis.

—When they get to talking about smashing one another's faces and go to searching members of the committee for pistols, the dispensary investigation in South Carolina is getting down to something like the real thing —Charlotte Observer.

—The man who says "moral institution" in South Carolina these days has to go out to the woodshed to do it; and even then he does not dare speak above a whisper for fear he will kick himself for being such a large, dun-colored ass.—Charlotte News and Courier.

—More important, in its social aspects, than the so-called race riot a few weeks ago in New York city, is the movement of prosperous negroes into a presidential district that has heretofore been occupied solely by whites. Whether or not, as is hinted, a desire to "get even" with certain neighbors who had incurred her displeasure led a woman house owner to give up her property to a colony of blacks and thus the inflow began. It has made such serious inroads on the neighborhood that white people are moving out by scores and a large negro settlement seems inevitable. On Saturday thirty white families gave way to as many colored households, and there is every reason to anticipate a further exodus. Probably there are many well-to-do, even rich negroes in New York who would like to live in the "Central Park West" section of the city and are able to pay the rent or sale price required; and, this being so, who can foretell the future growth of the African colony now firmly established in Ninety-ninth street and the adjacent thoroughfares?—Providence Journal.

TWINKLINGS.

—"You should be like the chickens, Willie; just see how early they wake up in the morning." "Oh, well, I could wake up early, too, ma, if I stood up all night!"—Yonkers Statesman.

—"Johnny, who was Peter and who was Paul?" "Them was the guys wat robbed each other to pay each other without lettin' their left hands get wise." — Cincinnati Commercial-Tribune.

—Biffers—"No, madam. I feel that I cannot support the present administration." Mrs. Biffers. I've lived with you now for seventeen years, and I've come to the conclusion that you can't support anything or anybody."—Detroit Tribune.

—"They say," said Mrs. Oldcastle, "that she married him under a misapprehension." "Oh, no, she didn't," replied her hostess. "I seen the whole thing myself. It was under a bell made out of some kind of red flowers." —Chicago Record-Herald.

—Nell—That Miss Jones, the typewriter girl, says she was the envy of all the other young women at the seashore. Grace—No wonder. While she was down there she got all the other girls in the office to write letters to her, and she sat on the porch and blushed and smiled while she read them.—Philadelphia Press.

—"Going to revive the sea serpent yarn this summer?" asked the hotel proprietor. "We need something to round out the season with." "And I've got the drawing card," said his press agent." "What's your scheme?" "I'm going to start a story that we are having a barrel of trouble suppressing girls with improper bathing costumes." —Louisville Courier-Journal.

—"Papa," said the little girl, "if I was to break that fine smoking set of yours and it was an accident and I was so sorry as I could be about it, would you whip me?" "Why, no, Lillian," he said, "I should not be as severe as that; but see here, you minx, have you broken it?" "No, but I'm awfully careless, you know, and I might do it some day."—Chicago Tribune.

UNSEEN DANGER IS ON OUR TRACK

From the time of our birth till we lie down for the last time.

The best defense from the dangers of disease is vigor of body and activity of the natural functions.

The kind of assistance is important. It must not be stimulation for that gives but temporary effect, and the reaction is more than depressing. *Take a tonic*—one that will re-establish normal digestion and assimilation and prove a reconstructive rather than a promoter of waste. This will *give nature a fair chance* to put in motion normal work of repair and tissue building.

Such a tonic was grown in Nature's Laboratory, hidden in the ground and brought thence forty years ago by Dr. R. V. Pierce, who has made the treatment of lingering diseases his life-long study and care.

He uses glycerie extracts instead of alcoholic ones, exactly proportioned and combined by processes of his own invention, first used in his private practice and now given out freely to the world in his "Golden Medical Discovery," which is composed of Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot and Mandrake root.

Mrs. A. T. Jones, of 926 Hayes Street, San Francisco, Cal., writes: "As a child I was delicate, and great care was taken of me because some of my relatives had died of consumption, although my father and mother were healthy. I grew up with only the ordinary diseases of all children, but about two years ago I contracted a severe cold, which would not yield to such home-treatment as was handy. Doctors were tried, but after three months of this treatment I was only worse. Then I was advised to try Dr. Pierce's Golden Medical Discovery, and am glad to say that three bottles not only cured me of the cold and cough, but made me feel better than I ever had before. I will always have a bottle of this medicine in the house."

Pierce's Pleasant Pellets

These tiny, sugar-coated anti-bilious granules regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.

THE COTTON MARKET.

New York, August 26.—The cotton market opened quiet and firm at a decline of 3 points to an advance of 3 points, near months being influenced by lower cables while later positions were advanced by continued dry, hot weather in Texas. The bull leaders seemed little in evidence, but yesterday's sellers covered an unfavorable weather news and reports of increased spot demand, and the market ruled firm during the middle of the morning with prices about 8 to 10 points net higher. Receipts of cotton at the ports to-day, 8,444 bales against 3,921 last week and 8,271 last year. For the week, estimated 75,000 bales against 53,002 last week and 77,888 last year. To-day's receipts at New Orleans, 486 bales against 386 last year and at Houston, 6,418 bales against 5,576 last year.

Special Trial Offer

THE MORNING STAR

At Reduced Rates To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00

FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At R. R. Bellamy drug store; 50c and $1.00 guaranteed. Trial bottle free. **

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief and in a short time I was entirely cured." Guaranteed at R. R. Bellamy's drug store; price 50c. **

OUR SHOE DEPARTMENT

We have been receiving a great quantity of Fall shoes and we handle several strong lines. We sell the Crosset shoe that makes life's walk easy for men. To wear this shoe will be a pleasure to them and the style they represent are all up to date new things. We sell the Battle Ax shoe in all its different styles, from $1.25 to $3.50 a pair. We are showing a line of shoes for men, of genuine Goodyear welt, shoes that retail everywhere for $2.50, we are making a special offer of $2.00 on this line. We sell a man a good all solid shoe for $1.25 a shoe that will wear and prove satisfatcory. In our ladies' shoe department, we sell "The Southern Girl," "The Southern Bell," "The Vicious," and several other lines, all at $1.50 a pair. "The Southern Bell" and "Vicious" is absolutely guaranteed to wear and is solid in every pair. If not satisfactory, we give a new pair in place of them. You get the same service that you do in a $2.50 shoe and only pay $1.50. We handle all grades of boys and girls shoes and in all prices, from 25c to $2.50 a pair.

FURNITURE.

Our furniture store shows a nice selection of iron beds, a big line of springs and a splendid line of mattresses. A nice line of cots, pillows, some extra good lounges, plenty of bed room suits from $16.00 to $75.00 a suit. Iron beds from $2.98 to $10.00 each. Wire springs from $1.98 to $5.00 each. Felt mattresses at $6.00, $7.50 and up to $15.00 each. Cotton top mattress full size, extra heavy at $1.98. A mattress cotton both sides, tufted edges for $3.25 each. Blankets, quilts and comforts, all grades and styles. We feel that our stock is complete in this line. We are offering some very good values for your inspection. Our big clothing store is new with us from last season. Our stock this Fall will be all new. We bought our Winter stock early in the season and had them made especially to our order. We have also added a nice tailoring department in which we can show you five hundred samples to select from. Every garment suit is guaranteed to fit and we feel certain that our prices are lower than other concerns. We believe in small profits and quick sales. We would like to show you our book of samples. Why not step in and see them.

In our big store Nos 208 and 210 which is 49 feet wide and 125 feet long, is filled full of goods for ladies and families. We carry the greatest assortment of dress goods sold in the city and almost in the State. We bought our dress goods stock early, from different factories in the month of June. These goods are made especially for our store and we are today able to sell dress goods as low as we ever have in the history of our business. Our serges are 44 inches wide, extra heavy weight that we can show you for 50c a yard. Our ladies' cloth that we sell for 98c is 54 inches wide and extra nice quality. It is finished with a high soft finish and has been sponged and shrunk and is of the same quality that you are offered elsewhere at $1.25. In our dress goods department we are showing a line of goods that represents all the Fall styles in tricots, serges, coverts, sicilians, brilliantines, broadcloths, kerseys, flannels and dozens of other materials too numerous to mention.

Why stop to think. Go to Gaylord's with your memoranda. He can fill it complete.

His clothing store for men and boys. It is no joke, we have the grandest assortment of clothing of any store in town. Our Fall stock is bought from the best tailoring concerns in the country and our goods are the latest and newest styles. We can fit your little son with any kind of suit you may like and for yourself, yes you, it matters not who, if you want to pay a little or you want to pay much. Our stock and selection is great enough and we think we can please both you and your pocket book. You know the old adage "a dollar saved is a dollar made." Why pay the regular clothing house a hundred per cent. profit, when Gaylord will sell it to you for 25 per cent. Look through our stock and see if it is not as large or larger than any house in the city. The named prices would be of no value to you nor a guide as quality represents price and we claim to sell good quality with a low price. To prove this, we ask you to give us a look. Go in our store, 206 Front street, and see the prettiest store in the State, 35 feet wide by 120 feet deep, where you will find men's clothing, boys' clothing, shirts, collars, neckties, handkerchiefs and gent's general furnishings on the first floor. We also carry men's overalls, The Headlight, the best overall sold in the world, every seam is felled and every garment is sold on an absolute ten day's guarantee. If not perfectly satisfactory we take them back and refund the money. They are no more than any other overall, only $1.00 each. We have also a cheaper brand called "Never Rip," extra good value at 50c a pair.

Our line of hosiery and gloves is something for your consideration. We fel that our stock is complete in this line and we don't stop to worry your memorandum. Gaylord has what you want. He owns his goods at the right price and he wants to sell them. He pays cash and he gets cash. You pay nobody's debts buying from Gaylord as he treats every one alike. He punches cards with every purchase and gives away valuable presents free. He looks after your wants in all the small things you may need and sells you many articles for two and three cents that others charge you five cents for, and the same way through the whole store.

You cannot miss the place, it is near the Postoffice, Nos. 206, 208 and 210 North Front street. The largest one man's store in the State.

SPIRITS TURPENTINE.

—A dispatch from Washington D. C., on Friday says: M. H. White, a horse owner, of Hertford, N. C., called upon Capt. Boardman, at police headquarters, and reported that he was robbed of a diamond worth $700, while at the Rockville Fair yesterday. He was unable to give any idea of how the theft was committed, or by whom.

—Raleigh correspondence Charlotte Observer: The educational campaign is now in full swing in 40 counties and there are as many speakers in the field. A great deal of educational work is being done during the summer. Only one summer school for teachers was held. There were two teachers' institutes on a tolerably large scale, one at Painter, in the mountains, and the other at Edenton. The latter was not very largely attended. Each of these institutes last 30 days.

—At Winston-Salem on Wednesday Robert Alspaugh, aged 14 years, a nephew of Sheriff F. P. Alspaugh, met with a serious, if not a fatal accident. While at the grist mill of Mr. John Kester, a few miles west of the city, his right arm was caught in a piece of machinery, tearing it off at the shoulder. The young man was removed to the hospital, where an operation was performed. His condition is known to be decidedly serious.

—A dispatch from Concord on Wednesday says: This has been a big day for Concord and Cabarrus county, it being the occasion of the annual farmers' picnic. Col Jno. J. S. Cunningham, of Person county, who has attended all of the picnics of any importance in the State for a number of years, estimated the attendance at between 8,000 and 10,000. Other thought 10,000 a very conservative estimate. Every township in the county was well represented, and there were numbers of people from adjoining counties.

—The criminal term of Cumberland Superior Court convenes Monday morning, at Fayetteville, Judge Fred Moore on the bench. There are nearly 90 cases on the docket, of which 27 are for illicit liquor dealing, Lint Robinson for the murder of Oscar Riegan, and Robert Hadley for highway robbery, for assault with intent to kill Lil Melvin, both negroes. It is not known when the alleged embezzlement bank cases will come up, or whether or not both sides of either side will be ready to proceed with the trial. The expert examination of the bank papers and books has been going on industriously, but it has proven to be a great task.

—Raleigh correspondence, Charlotte Observer: There seems to be a good deal of comment about the bad behavior of some of the enlisted men of the First Regiment at the encampment at Charlotte, and there are intimations that a court of inquiry may be ordered. Some of the men of six companies of the regiment behaved outrageously last year at Reidsville and from the State appropriation to each of those companies $20 was taken out and paid to persons damaged at Reidsville. No report on the conduct of the men on that occasion has ever been filed here, strange to say. It is asserted that the fault was very largely due to the failure on the part of officers to read to the men the very explicit orders as to discipline and to strictly enforce those orders; in other words that some officers wink at what some of the tough men do when in camp or travelling.

—A dispatch from Newbern on Friday says: A most atrocious attempt at robbery and murder was committed at Clark, a small place near Newbern, to-day. Sam Johnson, a negro, went into the general store of Mr. C. T. Eubanks, where the postoffice is located, and demanded money of Mrs. Eubanks. She refused and he replied that if she didn't give him money he would kill her. She turned and made a motion, as if to get him the money. Without waiting to see whether she would get it, Johnson grasped a meat axe and struck her on the head, cutting a long gash on the head and breaking her jaw. The negro ran off but the men of the place gave pursuit and caught him about six miles from town. George Eubanks, the husband of the injured woman, followed with a shot gun and had the man securely tied and brought him to this city on foot. He was placed in jail.

—A dispatch from High Point on Thursday says: An event which marks an epoch in High Point's forward stride took place here to-day when the first rail on the inter urban electric line to connect High Point and Winston-Salem, was put in place. The occasion was witnessed by over one hundred citizens who manifested great pride in the beginning of a work which means so much for the development of High Point and the country between here and Winston-Salem. A large force was at work on the road this afternoon and already several hundred feet have been put down in the main part of the city going towards Winston. The shipment of rails here this week will be put down at once, and it is the plan of the inter-urban people to have a full force of hands here by the latter part of September or October first to push the work to completion. The rails are large and of the best quality, such as are used on all long distance lines, for heavy freights and rapid transit. The company has expended so far over twenty thousands dollars on the line.

—The auction sale of Berkshire pigs, on the Biltmore estate, was as well attended Wednesday afternoon as was the sale of Jersey cattle on Tuesday. The bidding was not, however, characterized by that spirit and vim which prevailed Tuesday, which led to some deprecatory remarks, both on the part of Mr. Watson and Auctioneer Bailey. After the eighteenth sale Mr. Watston stepped forward and complained that the interest in the sale was not sufficiently manifest, while Auctioneer Bailey warned this present that lack of interest would work an injury to the stock-breeding industry in this country and Mr. Vanderbilt might discontinue the importation of such stock, if buyers did not purchase at prices commensurate with the value of the animals. At the last year's sale the Berkshires averaged $229, while Wednesday afternoon, after the sale of 19 head, it was found that the average was only $59 a head. After this announcement and the further statement by Mr. Watson that the sale would be called off if the bidding was not more satisfactory, the crowd came forward with more promptness and bid liberally. The highest bid was $120, made by A. M. Latharp, of Washington.

TESTS PATIENCE

The Most Patient Wilmington Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition,
Nothing taxes a man's patience,
Like any itchiness of the skin,
Itching Piles almost drive you crazy.
All day it makes you miserable,
All night it keeps you awake.
Itch! Itch! Itch! with no relief.
Just the same with Eczema.
Can hardly keep from scratching it.
You would do so, but you know it makes it worse.
Such miseries are daily decreasing.
People are learning they can be cured.
Learning the merit of Doan's Ointment.
Plenty of proof that Doan's Ointment will cure Piles, Eczema or any Itchiness of the skin.
Read the testimony of a Wilmington citizen.

H. Cronenberg, Photographer, of 119 1-2 Market street, says: "I used Doan's Ointment and it did its work promptly and permanently. I had a rash all over me, and no one knows how I suffered. It was like being in the infernal region and I could get no relief. I did not dare scratch because that made it worse. I tried everything but only to be disappointed. Some one told me about Doan's Ointment and I procured a box at R. R. Bellamy's drug store. I went home and applied some of the ointment, and I can say brought the first relief I had for a long time. I can only add that it is a preparation of great merit."

GAVE BOND OF $10,000.

Moses-Hass, Indicted in Connection With Cotton Leak Scandal.

By Wire to The Morning Star.

New York, August 25.—Moses Haas indicted in connection with the cotton leak scandals surrendered himself to a United States marshal to-day, when officially informed of the warrant issued against him a few days ago. This warrant was issued by the Federal grand jury simultaneously with one for Frederick Peckham, who was arrested at Saratoga.

The complaint signed by Assistant United States District Attorney Henry A. Wise, charges that Edwin S. Holmes, Jr., assistant statistician of the Bureau of Statistics of the Department of Agriculture conspired with Haas and Packham to furnish them with cotton crop reports in advance of their publication, in order that Haas, Peckham and others might buy and sell cotton upon the information thus furnished and that Holmes furnished to Louis C. VanRiper and others procured by Haas and Peckham information concerning cotton reports on September 3, 1904, in advance of the publication of the report.

Bail was fixed for Haas at $10,000, which was furnished.

REFUSED TO SURRENDER.

Negro Murderer Riddled With Bullets by a Posse.

By Wire to The Morning Star

Selma, Ala., August 23.—Olive Lott, a negro laborer at the lumber mill of G. Talley, in Tunnel Springs, during a quarrel with John and Harry Helton, over a debt opened fire on them, killing John Helton, and seriously wounding Harry Helton. The negro then fled and barricaded himself in a house. A posse of citizens under the leadership of G. Talley, attempted to arrest him. They surrounded the house, but Lott refused to surrender, and fired on the crowd. Talley was mortally wounded and died a few hours later. The posse then fired on the negro and his body was afterwards found riddled with bullets.

NOTHING DIVULGED.

A Three Hours' Conference Between Emperor and Ambassador.

By Cable to The Morning Star.

St. Petersburg, August 23.—Mr. Meyer, the American ambassador, had an audience with the Emperor at Peterhof this afternoon, which lasted three hours. Presumably the matter of peace was discussed at length, but nothing can be ascertained at present regarding what actually took place, as the embassy declines to give out any statement. It is know, however, that a long cablegram has been sent to Washington giving the results of the conference.

The Emperor attended the manoeuvres in the morning and returned to Peterhof just in time to receive Mr. Meyer.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The Morning Star.

WILMINGTON, N. C.

Sunday Morning, August 27.

WARM WIRELETS.

Walter R. Taliaferro, of Charlotte, N. C., was yesterday admitted as a member of the new fourth class of midshipmen at the Naval Academy.

At a picnic yesterday in Union Springs, Miss., Frank and Manson Chisolm, cousins, engaged in a quarrel in which Frank was stabbed in the neck and fatally wounded. As he fell he drew a pistol and firing twice instantly killed his cousin, Manson Chisolm.

Ormondale, a real blue blood of the turf descendant of a long line or aristocratic equines, extending back near a century and a half to that greatest of race hourses, Eclipse in 1764, won the eighteenth running of the Futurity stakes for two years at Sheepshead Bay yesterday.

John K. Shaw, long prominently identified with coal mining and shipping interests and the last surviving member of the firm of Shaw Brothers, at Baltimore, died of uraemia at 12:30 o'clock yesterday morning, aged 60 years. He was taken ill Friday night. Mr. Shaw was a brother of the late William L. and the late Major Alexander Shaw.

A Mobile, Ala., dispatch says: Sheriff Powers and four deputies left late yesterday for Bradley, on the Mobile and Ohio Railroad, where is located the plant of Bradley Lumber Company. Negroes had trouble with Manager Mashburn and arming themselves have threatened to kill him and burn the mill property. There is no telegraphic communication with the place, so no details are at hand.

New York, August 26.—Business in the New York dry-goods market was active yesterday, especially in the jobbing market. Next week special sales are to be held of wash goods and dress goods and another large influx of merchants is expected. Linen manufacturers have arrived from the other side and have already received good initial orders. Burlaps have advanced and are scarce. Jute is easier.

While the United States collier Brutus was coming to anchor in Hampton Roads late yesterday afternoon some part of her machinery became deranged and before the momentum of the ship could be entirely arrested by reversing her engines she crashed into the starboard side of the quarantine ship, Jamestown, making a hole above the water line. The Brutus was not injured and no one was hurt.

Cephas Poindexter, colored, who on July 25 last, shot and killed United States Deputy Marshal Z. T. Wade, while the latter was attempting to arrest the negro in Franklin county, was yesterday convicted of murder in the first degree in the circuit court of Franklin, sitting at Rocky Mount. The death sentence will be passed Monday. After the killing Poindexter escaped and was hunted by mobs several days. He was captured when almost dead from starvation.

REPORT DENIED.

German Emperor Not Opposed to President's Mediation.

By Cable to The Morning Star.

Berlin, August 26.—The Associated Press to-day received the following communication from the foreign office:

"The foreign office empowers the Associated Press to declare that all reports over the opposition of the emperor to the mediation of President Roosevelt are absurd. The emperor regards the endeavors of the president with admiration and takes the greatest interest in the success of the labors for peace, in whose beginning the emperor personally assisted."

Berlin, August 26.—The chancellor, Prince von Buelow telegraphed to the Associated Press from Norderney today a statement in response to an inquiry as to Germany's attitude towards the efforts being made to bring peace between Russia and Japan. The telegram reads as follows:

"Since the beginning of President Roosevelt's action the German Emperor well as his government have never ceased to advocate the cause of peace wherever an opportunity offers itself. Germany is interested as well as America in putting an end to the risks and uncertainties inseparable from every great war. The Emperor and the German people cordially wish that President Roosevelt's efforts may be successful.

(Signed) "VON BUELOW."

CHICAGO THE CENTER.

Posting of Notices of Open Shop May Cause General Strike.

By Wire to The Morning Star.

Chicago, August 26.—Chicago to-day became the center of the struggle of employing printers throughout the country against the International Typographical Union to defeat the latter's attempt to secure the eight hour day. Open shop notices were posted in four of the largest printing establishments, members of the typotehtae. The spirit of the independent declaration will be carried out by the employment of non-union printers at once. Other members of typothetae have planned to follow suit. Union officials say that the first non-union man to appear in any of the typothetea establishments will be the signal for a general walk out in every plant controlled by the master printers organization.

More than 20,000 job printers throughout the country may be involved eventually in the struggle. The nine hour day prevails at present, and the employers contend that they have the right to employ men according to their worth.

UNRULY MINERS.

Troops Will Be Sent to the Locality to Preserve Peace.

By Wire to the Morning Star.

Nashville, Tenn., August 26.—Discussing the mining trouble at Tracey, Governor Cox said to-night that the third regiment State troops now in camp at Harriman is under orders to be in readiness to start for the scene of trouble promptly upon receipt of instructions. It is understood that cars are being put on railroad sidings near the camp to transport the troops. The regiment which has about 500 men under arms is fully equipped for field service and well supplied with ammunition. Governor Cox said that it has been reported the miners will not turn out to hear him but that he will go to Tracey city anyway to-morraw morning.

AN OPEN RUPTURE NOT YET REACHED

Russia's Ultimatum Leaves the Old Question of Money the Stumbling Block

JAPAN HAS THE NEXT MOVE

Peace Not Assured But An Important Crisis Has Been Tided Over—Strict Secrecy Preserved as to Proceedings Yesterday.

By Wire to The Morning Star.

Portsmouth, August 26.—As indicated in these dispatches last night there was no rupture in the peace negotiations to-day. Peace is by no means assured but an important crisis has been tided over and the fact that the life of the conference has been prolonged into next week, adds materially to the chances of a favorable issue.

According to the Russian version it was Japan and not Russia which weakened this afternoon. Mr. Witte publicly announced after the sitting that it was Baron Komura who asked for an adjournment until Monday in order to have time to submit a new proposition. Yet it is known that Mr. Witte has received instructions sent after the president's intercession at Peterhof through Ambassador Meyer to agree to the division of Sakhalin and to permit liberal compensation for the Russian prisoners of war and the cession of the Chinese Eastern Railroad, but to continue absolutely to refuse to pay war tribute under any guise.

Russia's Ultimatum.

This described as Russia's ultimatum," leaving the same old question of money the stumbling block to an agreement. In the regular course of procedure after the presentation of the Japanese compromise proposition on Wednesday the diplomatic move passed to Russia and it was Mr. Witte's turn naturally to present the counter proposition of his government. If he succeeded as intimated in withholding his card and forcing the Japanese to play again he undoubtedly gained a point in the game. But no adequate account of the proceedings at to-day's meeting is forthcoming. The plenipotentiaries by agreement excluded the secretaries. There were no minutes. There is no record. This in itself is extremely significant when those who are fighting a desperate battle lock themselves in a room alone, it is the best evidence that they are terribly in earnest. It is a hopeful sign. All that is formally announced is that the minutes of the last session were approved and upon Baron Komura's motion the conference adjourned until Monday at 3 o'clock. But whether or not the counter proposition of Russia shr submitted at this afternoon's session it seems to be "up to Japan" to formally renounce her demand for the "frais de guerre" and try to obtain a partial recompense in another way, for instance, by a bona fide sale of the northern half of Sakhalin. Emperor Nicholas' response to Mr. Meyer and his instructions to Mr. Witte are remarked as his last word so far as indemnity is concerned. Compromise by which Japan can secure a comparatively moderate sum of money is still open.

The Difference is Wide.

But the gulf to be spanned is still wide between the two adversaries. Russia is now willing to divide Sakhalin. Japan, on Wednesday, claimed the entire island by right of occupation, offering only to sell back the northern half at the price of the "cost of the war." And it should be borne in mind that the elimination of Articles 10 and 11 (surrender of Russia's interned warships and limitation of Russia's sea power) was conditional upon her acceptance of this proposition. Baron Komura and Mr. Takahira want time to consult their government before agreeing to yield further. The most competent Japanese authority said:

"The question of peace or war still hangs in the balance."

Disension Among Japanese.

For the first time there appears to be some dissension in the Japan camp as to the advisability of making another conciliatory step. Many of the attaches are strongly of the opinion that they should not recede another inch. The most prominent of them said to-night to the Associated Press:

"We only offered one-half of Sakhalin upon condition that we should receive for it the price we fixed. The island is ours by right of conquest. If Russia imagines we will give it up for nothing she is much mistaken. Our answer should be 'Come and take it.'"

The main hope of peace rests as before, upon the fact that both sides are at heart, sincerely anxious to end the war, that all the principles involved in the quarrel have been settled in favor of the victor and that with each day's prolongation of the negotiations the pressure on both sides will increase not to allow a mere question of money to stand between them. The medium of communication between Baron Kaneko, who is acting for Japan in the Pour Parlors with the president and the Japanese plenipotentiaries has been discovered. It is Mr. Uchida, the Japanese consul general at New York. After Baron Kaneko's visit to Oyster Bay yesterday, a long account of the interview was transmitted by telegraph in cipher to Baron Komura by Mr Uchida.

Official Statement.

"In the sitting of August 26 the conference has proceeded to the signature of the protocol of the previous sitting. The next sitting will be held Monday, August 28th, at 3 o'clock in the afternoon."

CATHOLIC PRIEST ROBBED.

Lured to Woman's Room and Forced to Sign Checks.

Cleveland, O., August 26.—Upon the statement made to the police by Rev. Benedict Rosinskl, a Catholic priest of St. Stanislas church, that he had been held a prisoner for twenty-four hours without food, and forced to sign two notes for $500 each, and two checks for like amount which had been since cashed, besides being robbed of $30 and some jewelry, two men and a woman were arrested to-day. The woman is said to have lured the priest to her room in Cedar avenue, by pretending to be ill and in need of spiritual consolation, and the men are said to have rushed in upon them and held Rev. Rosinski prisoner until he had satisfied their demands.

PEOPLE OF SPAIN SUFFER FROM FAMINE

In Many Localities Persons Are Living on Roots—Murmurs of Revolution Heard.

By Cable to The Morning Star.

Seville, Spain, August 26.—Heartrending reports continue to reach the provincial authorities from the outlying famine-stricken districts. The latest reports received are from Osuna and Almogia, the respective mayors of which notify the authorities that their resources are exhausted and that they are unable to assist the laborers and the women and children as the distress is too acute.

At Ecija the population has looted the bakers stores.

The mortality among infants and aged persons is attaining terrifying proportions and in many localities the working people are living on roots. The government has organized public works on a small scale, employing about six hundred men, but this is a mere drop in the ocean of misery, as a moderate calculation shows that 200,000 are out of employment.

The territory most stricken forms a circle embracing Seville, Jerez, Cadiz, Malage and Cordova, where natural forces appear to have combined against the people's welfare, The rivers for years past have been gradually filling with sand, preventing navigation and hindering commerce. The district always has been dry, but this year a two months' drought, beginning in the spring, destroyed all hopes for the reaping of crops and rendered the landscape practically a desert, resembling portions of Morocco. The population is almost entirely composed of day laborers who depend on agricultural employment and when that fails, which is a frequent occurrence, though more marked this year than ever before, practically everybody is thrown into a condition of indigence.

Murmurs of revolution have awakened apprehension and the farmers everywhere are taking refuge in the cities, while the police regard acts of pillage with indifference refusing to arrest men who frequently accuse themselves in order to obtain food.

A REMARKABLE APPEAL.

Paris Paper Suggests That Rockefeller Pay Indemnity for Russia.

By Cable to The Morning Star.

Paris, August 26.—Owing to the reports from Portsmouth indicating that the question of peace between Russia and Japan hinges solely on Russia paying an indemnity to Japan the Martin has cabled to-night a remarkable appeal to John D. Rockefeller at Cleveland, O. The appeal in part follows:

"The question of money threatens to unloose a fresh and with redoubled violence the scourge of war. President Roosevelt is making noble and heroic efforts to end a struggle between two nations whose populations amount to one seventh of the entire population of the globe. His initiative honors America in the opinion of civilized nations.

"The question arises as to whether another American would not share the glory of President Roosevelt and complete his work by overcoming the sole obstacle now hindering peace. He would thus demonstrate the might of money in powerful and generous hands

"The Matin constituting itself spokesman for this sentiment addresses the richest citizen in the world."

The appeal concludes with lengthy arguments showing the immense benefits such an act would confer upon civilization.

Cleveland, O., August 26.—Mr. Rockefeller declined to make any statement to-night concerning the cablegram from the Paris Martin which had been received early in the evening at Forest Hill, his Summer residence.

CLOUDBURST IN W. VA.

Five Lives Lost and Much Damage to Property.

By Wire to The Morning Star.

Charleston, W. Va., August 26.—The vicinity of Big Otter Creek in Clay county, 65 miles North of this city was visited by a cloudburst yesterday afternoon in which five lives were lost and much damage was done to property. The tremendous downpour of rain raised the water of Big Otter Creek so rapidly that the home of John Pickering was surrounded by water before the occupants were aware of their danger. The family consisting of father, mother and four children, the oldest, a daughter 17 years old, were swept away by the flood, the mother being the only one saved, she having clung to some floating debris.

So far as known here the bodies of the five drowned have not been recovered. The storm destroyed telephone and telegraph wires and further details are not obtainable.

TEN DEATHS YESTERDAY

Five Hundred Tons of Salt Used in Gutters—Fatalities Likely to Increase During the Month of September.

By Wire to The Morning Star

New Orleans, August 26.—Report to 6 P. M.:

New cases, 47.

Total to date, 1,712.

Deaths, 10.

Total, 242.

New disease centers, 12.

Total, 390.

Remaining under treatment, 243.

New Orleans, August 26.—The increased number of deaths to-day is not regarded as surprising in the face of such intensely hot weather as has prevailed during the last few days.

Health officers to-day finished the salting of all gutters on cross streets. Five hundred tons of salt have been put in the gutters during the week, the idea being to make a solution of 2 1-2 per cent. which has been proved to be ample to destroy all the wrigglers.

It developed to-day that the discovery of a case of yellow fever on Chestnut street, New Orleans, traceable directly to Gulfport, resulted in the discovery of the three cases at Gulfport on Friday.

As September, owing to much rain, is the month yielding the largest number of yellow fever fatalities in New Orleans, Dr. White to-day urged all the sanitary workers to increase their vigilance so that every rainfall that may come will be followed by renewed oiling of cisterns, salting of gutters and rigid inspection of cistern screens. Dr. White discussing meterological conditions and their effect on yellow fever to-day said that a drought of six weeks would undoubtedly be the greatest ally of the health officers in the fight against yellow fever.

Ten deaths were recorded during the last twenty-four hours, exceeding any daily number during the present scourge, except the second day's, August 13 and August 14, on each of which 12 deaths were reported.

All the schools were to have opened on September 25 but it is announced that the opening date will be extended to October 2.

Health Officer Aucoin of Assumption to-day reported two cases of yellow fever at Bayou Boeuf, and seven cases at Amelia.

Dr. White to-day telegraphed to Dr. Heber Jones at Memphis the result of his investigation of the case of Mrs. Frank Guerico, the woman ill with yellow fever whom he believed to have been infected in Memphis.

On a report from the hospital service to this effect Jackson and a number of other towns imposed quarantines against Memphis. Memphis officers are reported to have expressed indignation over the report saying that the woman reached there on July 27 with other Italians that all had been kept under observation; that no sickness developed in the house she visited and that she left there two weeks ago and must have contracted the fever on her return to New Orleans. Dr. White has from the woman the certificate issued to her by Dr. Jones on August 14 to the effect that she had been in no infected point for thirty days, having lived with Mrs. Vincent Guerico in Memphis for the thirty days preceding August 1. She left Memphis on August 15, reached New Orleans at noon on August 16 and was taken ill on August 17. Mrs. Guerico is convalescent. It was on the basis of the fact that she became ill so soon after reaching New Orleans from Memphis that Dr. White called the attention of the surgeon general to the case. The woman since reaching New Orleans, according to her statement has not been in the infected region.

Memphis, Tenn., August 26.—Dr. Heber Jones, president of the Board of Health, after further examination into the case of Mrs. Guerico, the Italian woman who developed yellow fever after returning to New Orleans from a visit here, announces that Mrs. Guerico, according to friends in this city, left Memphis, August 2. Dr. Jones is advised that the woman reached New Orleans as early as August 15 and that her illness was diagnosed as yellow fever August 25. This allowed ten days for the contraction and incubation of the fever germ and the Memphis health officers are positive that the inoculation occurred in New Orleans. A searching investigation of the neighborhood in which she resided while here has revealed the fact that there has been no death there since July 25 and no case resembling, even remotely yellow fever.

MURDERER SURRENDERS.

Killed a Man in Virginia Last January.

By Wire to The Morning Star.

Camden, N. J., August 26.—Carl Zarbee, a farm hand, to-day surrendered himself to Wilson T. Jones, sheriff of Gloucester county, and asked to be hanged. Zarbee said he had killed a man in Virginia last January. The Virginia authorities were notified by wire and information was received that Zarbee's story was true, and that a reward had been offered for his capture. Zarbee has been employed on the farm of John Ramboo for a month. He appeared to be melancholy and to-day he told his employer that he was a murderer. He declared that on January 19th, last during a quarrel he had killed James Jeffries in Virginia, and had fled to the North. His conscience gave him no rest and he was impelled to give himself up. Zarbee is in jail at Woodbury awaiting the action of the Virginia authorities.

Child Accidentally Shot.

Dr. D. W. Bulluck will leave on the 6 o'clock train this morning for Bolton, on the W., C. & A. railroad to attend a child in the neighborhood who was accidentally shot by a member of the family, who was carelessly handling a pistol. The child is thought to be dangerously wounded. Particulars of the accident could not be learned.

HALF MILLION IN BUILDINGS.

During Summer Wilmington Has Been Dotted With New Houses.

In all the history of Wilmington there has never been such a building spirit as has prevailed continuously this summer. Several handsome business blocks have been erected, and there is not a spot in the city but has been dotted with residences and in many instances lined with houses. Many handsome houses and cozy cottages have been erected and even in the suburbs the improvements have been marked. Wherever one turns there is a house just finished or one going up. Some sections of the city have been so changed by the building improvements that within six months a number of localities are past being recognized as the same place.

A Star representative yesterday asked a well known architect if $500,000 would cover the value of the new buildings this summer. He said he had his doubts about it as his building operations alone had amounted to at least $200,000.

Organizing the Druggists.

Mr. George A. Dunlap, representative of the National Association of Retail Druggists, has been in the city for several days interviewing the druggists and securing their applications for membership in the Association. The objects of this association are to raise the prices of drugs to their former level and to prevent the sale of drugs and patent preparations to grocery and department stores, by inducing manufacturers to sell their products to none but registered druggists. This association is devoted solely to advancing the interests of the retail druggists and practically all in the city have applied for membership.

Labor Day Celebration.

The Allied Labor Unions of our city will have a big celebration on Labor Day, Monday, September 4th, at Carolina Beach. Music and dancing will be a prominent feature of the occasion, both pavilions having been secured for the festivities. The music will be of a high class, special arrangements having been made whereby a fine orchestra will be in attendance. Good order will be preserved on this occasion.

The unions will give a parade through the principal streets at 10 o'clock, just before they board the steamer Wilmington, for the beach. The Delgado band will furnish music for the parade.

Howe Landed a Job.

A dispatch to the Charlotte Observer, from Washington under date of August 25th, says: "Albert G. Howe, refused appointment in the government service on eight different occasions, despite the fact that he headed the civil service commission's eligible list of messengers, has landed, after waiting a year for something to turn up. Howe, a few days ago, appealed to the President, through an influential Republican friend, alleging that he had been discriminated against because of his color. The color appeal was like magic and now Howe has a job in the Navy Department as messenger."

Negro Shot at Cerro Gordo.

Last night just before the arrival of the Florence train at Cerro Gordo, in Columbus county, a negro was shot on the depot platform there by a "party or parties unknown." A while before the shooting it appears the negro took advantage of a young white man in the neighborhood and cursed him bitterly. The young white man went off and very soon two shots rang out near the depot and the negro fell to the platform with two perforations of his hide. He was still lying there when the train passed neither whites or negroes paying much heed to his injuries.

Bad Negro in Trouble.

J. K. Pott, colored, was before the Mayor yesterday to answer three charges. The first was that of carrying a concealed weapon. He was found guilty and bound over to the next term of the Superior Court, which meets September 25th. Pott was next tried for wearing a policeman's badge and impersonating an officer, for which he was given 30 days on the roads. The third charge was vagrancy, and 30 days on the roads was the sentence.

Operation Performed.

Friends of Mr. Willis Scudder, manager of S. H. Kress & Co.'s 5 & 10 cents store, will be glad to know that there is a marked improvement in his condition. He was carried yesterday morning to the James Walker Memorial Hospital where an operation was performed by Drs. McMillan, Wood and Burbank. A phone message early this morning said Mr. Schudder was doing very well indeed. His mother will arrive here in a day or two from New York.

AN APPEAL.

Bethink Yourselves!"—This was the simple appeal to the consciousness of each separate individual a little more than 1900 years ago, proposed by Jesus Christ, the Savior of Men. That every man, bethink himself, and let him ask himself, who is he, why he lives and what he should and should not do. Let him interrupt the work he has begun and ask: who am I? from whence I came and whither my destination. And also, in what consists my destination! And after having answered these question, according to the answer, decide whether that which thou doest is in conformity with the principles of the author of this appeal. Let every one who is in favor of God's moral government of this city, being acquainted with the essence of Christian teaching, pause in his activity and forget the capacity in which he is regarded by men, be it major, his honor, sheriff, judge, jury and all other subordinate officers of the law, co-operate with us in this unique arraignment of this belligrent and criminal spirit among our race. And, therefore, pray that all personal, social, and universal human aims that are and may be placed before you by men, all be insignificant, owing to the shortness and uncertainty of life. This ultimate and higher aim of life, owing to limitation, is inaccessible to us alone. But it does exist. Hence this plea, for the co-operation of all Christian churches. Prayerfully for this attainment.

We have a great revival meeting going on at our church (Price's Chapel) nightly, to which we prayerfully invite all those who are interested for good purposes, contribute to this cause as the need is urgent, "whereforo I shall be ready always to put you in rememberance of these things, thought ye know them, and are established in the present truth." 2nd Peter, 1:12.
